

Full Spectrum Solutions

UltraLux Grecian Marble Torchiere

Assembly Instructions

Item: UL8175GMT

Please be sure to read all warning instructions before using your lamp, in order to ensure your safety and maximize lamp life.

Note: The electrical wire is connected continuously through the poles. **DO NOT** pull wires during unpacking as bad connections may result. The assembly process is much easier to complete when performed by two people.

Lamp Assembly Instructions

1. Lay out lamp parts on the floor as shown in illustration.
2. Hold on to the **Alabaster Shade**, then gently thread the **Neck** into the **Alabaster Shade**. (Gently put the excessive wire into the top pole)
3. Thread the **Neck** onto the **Top Pole**
4. Thread the **Bottom Pole** onto the **Base**
5. Thread the **Middle Pole** onto the **Bottom Pole**, then **Top Pole** onto **Middle Pole**
6. Plug the **Compact Fluorescent Light Bulb** onto the 4-pin ballast inside the **Shade**.

Instructions For Light Bulb Replacement

1. Pull out the **Compact Fluorescent Light Bulb** from the 4-pin ballast inside the Shade.
2. Replace a new **Compact Fluorescent Light Bulb**.

WARNING:

DO NOT, under any circumstance, touch the bulb with bare hands. The moisture from your finger prints may cause the bulb cover to crack and significantly reduce bulb usage. Always unplug the electrical cord before replacing the bulb, and allow sufficient time for the bulb to cool down. Do not attempt to remove the white silicone or plastic material between the circular tubes of the bulb.
